Religious Services

REV. JAMES W. DOLAN, Catholic. MOSES L. SEDAR, Hebrew.
 Local Pastors, in turn, Protestant.

The Commonwealth of Massachusetts

TRUSTEES' REPORT

To His Excellency the Governor and the Honorable Council:

We have the honor to present herewith the twenty-second annual report of the Board of Trustees of the Gardner State Colony.

The year has been an uneventful one. Reference to the Superintendent's report will show in detail the activities of the institution. The trustees feel entire confidence in their Superintendent and that the Commonwealth is particularly fortunate in retaining his conscientious, kindly and able service. They will not attempt to duplicate nor repeat most of the items mentioned in his report to us which accompanies our report.

The Colony has gone through another year without a provision of additional water supply so badly needed for the safety of the Colony from fire and for the health of the patients. The Trustees again express a hope, as they did last year, that the State officials who have the authority and responsibility in this matter may provide the necessary connection with the Gardner or Ashburnham water supply without further delay.

The Trustees note with satisfaction that the Department of Mental Diseases has asked for an appropriation for a building for the semi-disturbed at the Colony. Reference to previous reports of the Trustees and the report of the Superintendent accompanying this will show that they consider that the interests of the Colony and the proper care of our patients make this building essential.

It is earnestly hoped that it will be possible to provide a house for the Superintendent in the near future. He should be adequately housed so that he may to a degree get away in his hours off duty from the harassing and distressing scenes which cannot be entirely separated from his position. A comfortable house, a little way from the Infirmary buildings would be a great boon, and would in the end repay the Commonwealth, by making the position of the Superintendent of the Gardner State Colony more desirable.

A list of needs of the Colony follows:

1. Adequate Water Supply.
2. A Building for the Semi-disturbed.
3. Superintendent's House.
4. Employees' House to Accommodate Twelve.
5. Bungalow for Married Officers.
6. Coal Trestle.
7. Another Colony Group for Additional Numbers.

The Trustees strongly urge that all these requests be granted, and that as soon as possible. In the matter of the seventh item, "Another Colony Group for Additional Numbers", we would simply say that the Colony is in a favorable position for adding more colony groups at small cost for original construction and for maintenance.

AMIE H. COES,	OWEN A. HOBAN,
THOMAS R. P. GIBB,	THOMAS H. SHEA,
GEORGE N. HARWOOD,	ALICE M. SPRING,
FREDERIC A. WASHBURN, <i>Chairman.</i>	

SUPERINTENDENT'S REPORT

TO THE TRUSTEES OF THE STATE COLONY:

I respectfully submit this the 22nd Annual Report of the Colony for the hospital year ending September 30, 1924, and for the financial year ending November 30, 1924.

CHANGES IN POPULATION

have been as follows: On the books of the institution on Sept. 30, 1923, there were 556 men, 410 women, total 966; there have been admitted; by first admission 18 men, 19 women, total 37; by readmission 4 men, 6 women, total 10; by transfer

from other hospitals 54 men, 25 women, total 79; the total number admitted during the year was 76 men, 50 women, total 126. The whole number under treatment during the year was 632 men, 460 women, total 1092. There were discharged as follows: (a) as recovered; 1 man, 2 women, total 3; (b) as improved; 1 man, 9 women, total 10; (c) as unimproved; 3 men, 3 women, total 6; (d) as not insane; 2 women; (e) transferred to other hospitals for the mentally ill; 13 men, 2 women, total 15; (f) died 24 men, 13 women, total 37. The total number discharged during the year was 42 men, 31 women, total 73. There remained on the register on September 30, 1924, 590 men, 429 women, total 1019.

GENERAL HEALTH

of all has been uniformly good throughout the year. There have, however, been 37 deaths which is a larger number than usual. 16 of these were at time of death sixty years of age or over. Many patients have been with us for a number of years and are now advanced in years. Of those admitted during the year 45% were fifty years or over.

The question of alcohol as a cause of mental illness is today of general interest. Eight per cent of our admissions were due directly to the excessive use of alcohol.

Among the employees the general health has been better than usual. There have been four cases of mumps contracted from the community, 1 case of scarlet fever occurred in an officer who had been absent on vacation.

There have occurred eight "Industrial Accidents" among employees. The total loss of time from work has been twenty weeks. The total compensation paid \$214.13.

OUT-PATIENT DEPARTMENT

There has been very pleasant cooperation on the part of the community in our out-patient work and we believe that work of this kind is of the utmost importance both to the Colony and the community. This work consists of free medical consultation clinics, talks at public gatherings, examinations of backward pupils in public schools and social service work. In our Out-Patient Service 42 patients have been seen as follows: at clinics 25; examined in their homes in consultation with family physician 19; seen at the Colony by appointment 5; seen at local general hospital one. Recommendations made in these cases were as follows: commitment to School for Feeble-Minded 6; commitment as Psychotic 12; home care with medical treatment 10; social supervision without hospital treatment 7; medical treatment in general hospital 3; Almshouse, Reformatory or further study necessary 4.

SCHOOL CLINICS

Children who are backward three years or more in public schools and whose names have been submitted by the school superintendent for examination have received examinations in the following towns: Fitchburg, Athol, Gardner, Winchendon, Baldwinsville, Wendell, Leverett, Shutesbury, Erving, Phillipston, Barre and New Salem. The total number of children examined was 136. Of these 82 were found to be three years or more retarded. Reports of these examinations were submitted to the school superintendents with recommendations as to mental and physical handicaps. There seems to be a greater desire on the part of the school superintendents to have the children examined, but the troublesome question in their mind seems to be how they are to make provision in special classes for these retarded children if ten or more are found in their district who require it. This obstacle is gradually being overcome. There has been practically no objection on the part of the parents or the children themselves to examination.

SOCIAL SERVICE

This work has been conducted by Miss Carolyn D. Harlow, Social Service Worker, and may be summarized as follows:

New cases referred by hospital physicians 137; community agencies 192; relatives or friends of patients 8, and by patients themselves 53, making a total of 390. The problems presented are classified under the following heads: mental 119; sex 8; financial 5; employment 14; readjustment 126; marital 6; personality and temperament 70; recreation 23 and 88 general problems.

Investigations made because of conduct problems 34; home conditions 110; statements of patients 53; information regarding employment situations 31; others 55. 849 special visits have been made to new patients on wards and at cottages; 62 to patients on visit; 69 to relatives; 106 to social agencies and 72 to others interested and connected in some way with patient's welfare. Total 1,109 visits.

Advice has been given to 258 patients; 147 to relatives and 68 to other interested parties. 702 personal services have been rendered for various reasons. 83 histories have been taken at the hospital; 106 outside; 159 staff meetings have been attended; 13 out-patient clinics. In the family care division 23 homes have been investigated from which four new homes have been added to our list. 12 patients on visit are self-supporting.

School clinics attended 21; histories taken in homes 181; 72 psychometric tests have been given with 57 miscellaneous matters attended to pertaining to school clinic work.

TREATMENT

As this Colony was established for the purpose of encouraging occupational and industrial treatment so has our interest this year again been first of all given to the proper care of patients and treatment through occupation and diversion. Eighty-eight per cent of our total number have been regularly occupied in largely creative and productive occupations which is a somewhat smaller percentage than in past years due to the number of elderly and infirm.

Entertainment as in former years has consisted of motion pictures weekly during the Winter months, dances at frequent intervals, entertainments on special days with special observance of New Years, Thanksgiving, Fourth of July, etc., and band concerts out-of-doors during the Summer months. Both the Colony orchestra and band have contributed much to the success of our entertainment throughout the year.

Hydrotherapeutic treatment has been utilized this year more than ever before both for the reason that we have had this year under care an ever increasing number of disturbed who required treatment and because of the efforts of Dr. Rebekah E. Wright, Hydrotherapeutist of the Department of Mental Diseases, who spent several weeks with our Staff. The following treatments have been given in this department: tonic treatments men 1,461, women 1,970, total of 3,431; continuous baths 213. The total number of hours 690. Wet sheet packs 1,555 in number, total number of hours 5,865 given in 144 different patients.

In the Dental Department the following work has been done: Examinations, 693; Treatment for Pyorrhea, 187; Treatment for Gingivitis, 27; Stomatitis, 3; Vincento Angina, 39; Post Operative treatments, 83; Prophylaxes, 339; Root canal treatment and fillings, 6; Plates made and inserted, 17; Plates repaired, 5; Extractions, 515; Silver fillings, 295; Cement fillings, 85; Synthetic porcelain fillings, 42; Gutta Percha temporary, 25; Gold fillings, 7; Zinc Oxide and eugenol treatments, 52.

FARM AND GROUNDS

Although the season has been a remarkably dry one, the return from the Farm has been very gratifying indeed, more so than in ordinary years. The largest items are 5,207 bu. potatoes, 350 tons ensilage corn and 558,689 lbs. of milk.

Our entire herd of cows, most of which reacted to the tuberculin test, was disposed of during the year and a new herd of 42 tubercular free cows purchased. Extensive changes have been made in the cow barn and this is now ready to receive them.

The sheep industry of which we had high hopes has been abandoned. Money was not provided for their maintenance.

Under the direction of the Federal Department of Conservation and the State Department of Forestry, eight men have been engaged throughout the Summer and early Fall eradicating wild gooseberry and currant bushes from our property. This work has now been completed and was done because of the prevalence of pine blister rust in our neighborhood, but which was not prevalent on our property.

Reforestation has been done as follows: 5,000 white pine seedlings, 3,000 Norway spruce, 2,000 Japanese pine. 250 pine and 150 maple trees were transplanted for decorative purposes on grounds.

Prevalence of the Egyptian corn borer in Massachusetts has prevented us from seeding in field corn which we consider desirable.

At the Cannery the following have been canned during the year: apples 1,047 gals., string beans 1,060 gals., blueberries 455 gals., Swiss chard 90 gals., sweet corn 1,107 qts., pears 626 gals., pumpkin 192 gals., squash 417 gals., tomatoes 344 gals.

The following is a summarized report of the Head Farmer showing the larger activities:

Garden Acreage: Garden, 45 acres; Field Crops, 84 acres; Orchard and small fruits, 23 acres, 5 acres newly set.

Grounds: Stones removed from fields, 1,370 tons; Rocks excavated, 11,799½ tons; Earth excavated, 4,833 cu. yds.; Road rebuilt, 4,301 sq. yds.; Road extensively repaired, 570 sq. yds.; Walks replaced, 487½ sq. yds.; Grading, 8,367 sq. yds.; Land cleared of underbrush, 28¼ acres; Land cleared for fields, 5 acres.

Institution Products: Fence stakes, 1,250; Fence posts, 100; Wood, 551½ cords; Sawdust, 32 cords; Lumber, 68,000 ft.; Ice, 1,600 tons; Blueberries, 4,528¾ lbs.

The largest piece of road construction was the rebuilding of the road from the hospital to Gardner. This has been a large task, rock filling in places being six feet in depth. Sharp turns have been eliminated and we now have a road which should be easily kept free from snow in winter and free from mud in Spring. The city of Gardner has cooperated in this work.

GENERAL REPAIRS AND IMPROVEMENTS.

Extensive changes in the Domestic Building providing larger kitchen, bakery, and dining-room facilities have been completed and will meet with our needs for many years to come.

A new field stone garage housing twelve cars has been completed. A motor chemical combination wagon has been purchased and installed there.

An addition to the Fairview Cottage to allow for the housing of thirty instead of twelve as at present has been erected, closed in, and should be finished this Winter.

Extensive alterations in the barn have been made. All steel equipment has been installed, providing a practically germ proof barn, in which our new tubercular free herd will be maintained.

Four boilers at the Power House settled and complete resetting was found necessary. This work was promptly started and is now nearing completion. In resetting them they have been raised twelve inches as has been recommended by the Commission on Administration.

Further development of the Pottery has gone on but our inability to obtain the services of a skilled Potter has retarded the work more than we expected. We are equipped to make our own kitchen and table ware.

The water tower has been painted. Cement piazzas have been constructed at the Gardner Cottages to replace those of wood. Filter beds have been resurfaced with gravel. Additional street lights have been installed. A new pump of larger capacity has been installed at our pumping station. The Printing Department has been still further developed by the Department of Mental Diseases and now contains four presses and does the printing for the fifteen hospitals under the Department of Mental Diseases. This department has already outgrown its present quarters.

Shortage of water has again this year been acute. During September and October the supply became so nearly exhausted that its use was curtailed to the lowest possible point.

An additional appropriation of \$35,000 is now available to the Department of Mental Diseases for the securing of an additional and adequate supply and it is expected that early in 1925, connections will be made either with the supply of Ashburnham or Gardner.

A pipe organ has been installed in our Assembly Building, a gift from the employees of the Colony to the State. This gift is the result of the interest that the employees have taken in the development and operation of our Annual Fair so splendidly patronized by the general public. This Fair has been primarily a mental hygiene movement for the dissemination of information and a better linking up of the hospital and community. As an additional incentive, we have for several years been working for the purchase of a pipe organ for our people and this has been

purchased this year. The officers cannot receive too much praise for their efforts in this. They have plans for more and are already laying plans for the purchase of a bell for the belfry tower if future Annual Fairs are successful and there is every reason to expect that they will be.

DIVERSE MEDICAL MATTERS

The following changes have been made in our Medical Staff during the year: Harry A. Schneider, M.D., terminated his services August 15 to accept a position at the Psychopathic Hospital, Boston, as Asst. Executive Officer. Andrew T. Barstow, M.D., was appointed to fill this vacancy from September 1, but because of illness was compelled to retire October 1. He died Nov. 29, 1924. Milman Pease, M.D., Asst. Physician here in 1919 returned to us on Nov. 24, 1924. Herman E. Danofsky, D.M.D., terminated his services as dentist on April 15. Carleton G. Osgood, D.M.D., was appointed to fill this vacancy from April 15.

National Hospital Day was suitably observed May 12 at which time the Worcester North Medical Society met with us. The Association of Asst. Physicians met with us May 21.

A conference of Social Service Workers was held March 26.

The Kiwanis Club of Fitchburg visited on October 2.

A course of lectures in Psychiatry was given to the nurses of the Burbank Hospital, Fitchburg, by our Staff.

We do not have a training school for nurses but a lecture course for attendants has been given.

RECOMMENDATIONS

Complying with section 3, Chapter 29, General Laws, the following estimate for 1925 have been submitted:

<i>Object for which appropriation is required</i>	<i>Estimates for 1925</i>	<i>Last appropriation</i>
Personal Services	\$178,018.35	\$153,000.00
Travel, Trans. and Office Expenses	4,675.00	4,225.00
Food	57,850.00	51,890.00
Religious Instruction	1,415.50	2,000.00
Clothing and Materials	12,575.00	12,050.00
Heat, Light and Power	29,386.00	32,500.00
Medical and General Care	16,475.00	15,000.00
Furnishings and Household Supplies	20,700.00	21,000.00
Farm	5,951.35	7,700.00
Repairs Ordinary	15,600.00	15,500.00
Repairs and Renewals	13,796.00	6,350.00
	<hr/> \$384,592.91	<hr/> \$348,815.00

Complying with section 4, Chapter 29, General Laws, requests for appropriations for special objects have been submitted as follows:

1. A Building for the Semi-disturbed.
2. Superintendent's House.
3. Employees House to Accommodate Twelve.
4. Bungalow for Married Officers.
5. Coal Trestle.
6. Additional Colony Group for Additional Numbers.

1. A Building for the Semi-disturbed. It has been pointed out in previous reports that the need of such a building is pressing. At present in our women's infirmary all classes, the acute, the chronic, curable and incurable are mixed. This condition is very unfair to any or all classes. The situation in our women's infirmary is a very undesirable one. The need of remedying it is pressing indeed.

2. House for Superintendent. I cannot, perhaps with propriety, urge this, but may say that for more than fifteen years this has been recommended and the last few years has been strongly urged, but each year the matter has been postponed a year until the needs of the state at large would not be as pressing.

3. House for Employees. An additional building of simple wood construction similar to those we now have and accommodating twelve is needed for the proper housing of our employees. At the present time we have not a single vacant room and could not fill all positions at one time for lack of room while in many rooms there are two where provision was made originally for one.

4. Officers' Bungalow. Situated three miles from any town it is necessary for us to provide living accommodations for our official force. A small six room bungalow, a duplicate of one we now have, could be very cheaply constructed and would answer our need.

6. Additional Colony Group. While the need of our district for additional numbers is not pressing, provision for the entire state is less than it should be and we are in a favorable position to construct simple colony groups at a comparatively small per capita cost.

ACKNOWLEDGMENTS

I gratefully acknowledge the interest the following have shown in our work here and by the donations which they have so kindly made as follows:

Magazines from Roy E. Mayo, Gardner; Dr. P. J. Grant, Gardner; Mrs Chester Pearson, Gardner; Mrs. Harold Drake, Gardner; Mrs. Chas. Hartshorn, Gardner; Mrs. Thomas E. Cody, Gardner; Mrs. L. B. Ramsdell, Gardner. Pieces for the sewing room from Mrs. G. L. Church, Cambridge. Candy, tobacco, gum, etc., from the Knights of Columbus, Boston. The "Athol Transcript" from The Transcript Publishing Co., of Athol; the "Church Record" from The Church Record Publishing Co., of Athol. Bound books from Mrs. Lucy Kendall, Gardner. Victrola and clarinet from the Kiwanis Club of Fitchburg and a musical entertainment by the Community Club of Gardner.

In concluding this report I would indeed be ungrateful did I not acknowledge with full appreciation that splendid spirit of cooperation that has existed among our officers and employees which is gratifying and yet so essential for the proper carrying on of our work.

To you, the Board of Trustees, may I express my fullest appreciation of your help and encouragement. That spirit of cooperation which you note from time to time among our officers is to me but a reflection of your attitude toward them and toward myself.

Respectfully submitted

CHAS. E. THOMPSON, *Superintendent.*

INDUSTRIAL DEPARTMENT

WORK DONE BY WOMEN.

Aprons, 557; Bags, various kinds, 444; Baskets, various kinds, 135; Bath Robes, 13; Beads, wax (string), 1; Bedspreads, 165; Bed puffs, 14; Bibs, 77; Blankets, 186; Blouse, 1; Brassieres, 4; Buffet scarfs, 4; Buffet set, 1; Bureau sets, 2; Burial robes, 66; Candle shades, reed, 3; Candle sticks, reed, 6; Caps, dust, 4; Caps, men's, 653; Caps, rubber, 6; Caps, women's wool knit, 8; Center pieces, 18; Chemises, 513; Coat hangers, 6; Collar, child's crocheted, 1; Combination suits, 2; Corset covers, 48; Covers, creton couch, 2; Crepe paper articles, 336; Curtains, 120; Curtain lengths, 3; Curtain tassels, crocheted, 6; Curtain tie backs, 51; Curtain & window valances, 39; Dairy jumpers, 22; Dental gowns, 12; Doilies, crocheted, embroidered & hemstitched, 271; Doll, dressed, 1; Dolls, rag, 4; Drawers, men's & women's (pairs), 615; Dresses, crepe paper, 2; Dresses, 605; Handkerchiefs, men's & women's, 948; Holders, 105; Hose, men's & women's (pairs), 3407; Lace, crocheted & knit (yards), 350; Luncheon Cloth & sets, 3; Material Woven (yards), 131½; Mats, raffia, 4; Mattresses, 67; Mittens, 788; Napkins, 159; Nightgowns, 401; Overalls & Jumpers, 1078; Pads, ticking, 22; Petticoats, 298; Pictures, painted, 23; Pillows, 52; Pillow slips, 514; Pin cushions, 3; Plaque, raffia, 1; Pockets in coats, 183; Rags & burlap colored (pounds) 508½; Rugs, 345; Runners, various kinds, 87; Runner ends, 5; Scarfs, shawls & sweaters, knit, 249; Silence cloths, 5; Sheets, 2316; Sheeting, tub covers & hammocks, 12; Shirts, 905; Shoes stitched, men's & women's (prs.) 114; Slippers crocheted (pairs), 2; Surgeon's caps & gowns, 7; Suspenders (pairs), 209; Table cloths, officers', 118; Table mats, crocheted, 7; Table

mats, colonial (sets), 12; Tapes, crocheted, 4; Tatting (yards), 106 $\frac{1}{4}$; Ties, men's cotton & silk, 543; Toweling woven, patients' (yards), 78; Towels, 4794; Towel ends, crocheted, 14; Trays, reed & raffia, 21; Trousers, 569; Truck cushions, ticking & leather, 8; Trunk cover, 1; Under vests, women's, 320; Vases, reed, 43; Vests, special, 3; Wool yarn, dyed (pounds), 50; Yokes, crocheted, 18.

MENDING.

Aprons, 628; Bags, 56; Bath Robes, 4; Bedspreads, 27; Blankets, 24; Caps, 5; Chemises, 162; Coats, 650; Combinations, 3; Corsets, 4; Corset Covers, 40; Covers, bureau & table, 12; Curtains repaired & made over, 30; Drawers, Under, 2645; Dresses, 693; Flags, 2; Hats, trimmed, 14; Holders, 6; Mattress covers, 21; Mittens (pairs), 2; Napkins, 6; Nightgowns, 667; Overalls & Jumpers, 2513; Pads, kitchen, 37; Petticoats, 620; Pillows, recovered, 4; Pillow slips, 146; Reefers, 35; Rugs, 104; Sheets, 409; Shirts, men's outside & under, 3823; Shirt Waists, 23; Skirts, 31; Stockings, men's & women's (pairs), 9658; Surgeon's gowns, 7; Suspenders (pairs), 3; Sweaters, 37; Table cloths, 6; Toweling (yards), 75 $\frac{1}{2}$; Towels, 55; Trousers, 1338; Union suits, 500; Vests, 35.

WORK DONE BY MEN.

Furniture Department (New Work).

Baskets, reed, 36; Chairs, 210; Frames, 27; Lamp shades, reed, 3; Rockers, 2; Stools, 8; Tables, 124; Tray bottoms, 17; Vases, reed, flower, 12.

Repairs.

Baskets, 12; Benches, 5; Brushes, 5; Card Holders, 11; Chairs, 145; Chiffoniers, 7; Clocks, repaired & put up, 15; Couches, 6; Curtains & rods repaired & put up, 66; Desks, 3; Drawer, 1; Filing Cabinet, 1; Graphophones, 3; Locks, 9; Looms, 5; Piano top and pedal post, 1; Rockers, 120; Settees, 12; Sewing machines, 12; Shades & rolls, 76; Shears & knives sharpened, 89; Step ladder, 1; Swabs, 13; Tables, 49; Wheelbarrows, 117.

Shoe Department.

Brogans, 311; Harness parts, new, 83; Harness repairs, 49; Mittens, leather (pairs), 669; Rubber heels, officers', 170; Shoes, repaired, officers' (pairs), 272; Shoes, men's & women's (pairs), 212; Shoes & slippers, repaired, men's & women's (pairs), 1516; Slippers, men's & women's (pairs), 123.

Tailoring Department.

Bath robes cut, 13; Burial robes cut, 40; Caps cut & pressed, 714; Chemises cut, 326; Clothes pressed & repaired, (Officers'), 1146; Clothes repaired, patients', 3699; Coats made, 504; Dresses cut, 887; Hospital shirts cut, 60; Nightgowns cut, women's, 150; Nightshirts cut, men's, 310; Overalls & Jumpers cut, 923; Petticoats cut, 36; Reefers cut, 76; Shirts cut, men's outside, 735; Trousers made (pairs), 57; Trousers cut & pressed (pairs), 1065; Underwear cut, men's & women's, 1238; Vests cut & pressed, 16.

Textile Department.

Bedspread material woven (yards), 583 $\frac{1}{4}$; Brooms, Barn & House, 508; Brushes, various kinds, 514; Cocoa mats, 19; Cocoa rope braiding (yards), 2160; Dish mops, 82; Games & Puzzles, 49; Khaki cloth (yards), 728; Mattresses, 104; Mattress tufts, 15300; Mattresses sterilized & remade, 179; Mitten wristers (yards), 365; Overall material woven (yards), 2636 $\frac{1}{2}$; Pillows, 96; Sheeting 48" (yards), 378; Sheeting 65", cotton (yards), 1800 $\frac{1}{2}$; Shirting woven, (yards), 3885; Stockings, men's (pairs), 3405; Stockings, women's (pairs), 940; Strong cloth (yards), 603 $\frac{3}{4}$; Toweling woven, Officers' (yards), 1828 $\frac{1}{2}$; Toweling woven, patients' (yards), 1105 $\frac{1}{2}$; Underwear material knitted, (yards), 1784 $\frac{1}{2}$; Underwear wristers knitted, (yards), 307 $\frac{1}{2}$; Whisk brooms, 84.

DOMESTIC DEPARTMENT

MANUFACTURED.

Soap, hard, 128 lbs., soft, 38 gals.

PICKLES, PRESERVES, ETC.

Beans, shell, 38 qts.; Beans, string, 263½ qts.; Beets, 11 qts.; Beets, pickled, 21 qts.; Blackberries, 1292 qts.; Blueberries, 1022 qts.; Cabbage, 225 lbs.; Carrots, 2 qts.; Chard, 37 qts.; Chard pickle, 50 qts.; Chop pickle, 98 qts.; Chow Chow, 8 qts.; Corn, 22½ qts.; Cucumbers, salted, 628½ gals.; Cucumber pickle, 789 qts.; Grape preserve, 15 qts.; Jams, 80 glasses; Jells, 375 glasses; Marmalade, 19 glasses; Mince meat 82 qts.; Mustard pickle, 77 qts.; Pears, 303 qts.; Pears, pickled, 103 qts.; Peas, 310½ qts.; Piccalilli, 1484 qts.; Plums, 6 qts.; Potsfield pickle, 12 qts.; Pumpkin, 26 qts.; Raspberries, 73 qts.; Rhubarb, 151 qts.; Rhubarb conserve, 4 glasses; Squash, 2½ qts.; Strawberries, 115 qts.; Tomatoes, 183 qts.; Tomato pickle, 248 qts.; Tomato relish, 33 qts.; Watermelon preserve, 9 qts.

FRUITS AND VEGETABLES CANNED AT THE CANNERY.

Apples, 4188 qts.; Beans, string, 4240 qts.; Blueberries, 1820 qts.; Chard, 360 qts.; Corn, 1107 qts.; Pears, 2504 qts.; Pumpkin, 768 qts.; Squash, 1669 qts.; Tomatoes, 1379 qts.

CANNED GOODS SENT TO THE STORE 1924.

Apples, 1047 gals.; Beans, string, 1060 gals.; Blueberries, 455 gals.; Chard, swiss, 90 gals.; Corn, sweet, 1107 qts.; Pears, 626 gals.; Pumpkin, 192 gals.; Squash, 417¼ gals.; Tomatoes, 344¾ gals.

VALUATION

NOVEMBER 30, 1924

REAL ESTATE		
Land (1,848 acres)	\$36,850.00
Buildings	822,646.04
		<hr/>
PERSONAL PROPERTY		\$859,496.04

Farm	42,018.90
Garage, Stables and Grounds	3,161.35
Repairs	4,418.92
		<hr/>
SUMMARY		\$181,435.69
Real Estate	\$859,496.04
Personal Property	181,435.69
		<hr/>
		\$1,040,931.73

TREASURER'S REPORT

To the Commissioner of the Department of Mental Diseases:

I respectfully submit the following report of the finances of this institution for the fiscal year ending November 30, 1924.

CASH ACCOUNT

Receipts

<i>Income</i>		
Board of Inmates:—		
Private	\$4,539.44
Reimbursements, insane	15,039.28
		<hr/>
		\$19,578.72
Personal services:—		
Reimbursement from Board of Retirement	30.89

Sales:—

Food	\$3,562.97	
Clothing and materials	354.05	
Furnishings and household supplies. Key Money	9.50	
Farm —		
Cows and calves, meat	\$3.05	
Pigs and hogs, guinea pigs	22.50	
Hides, sheep pelts	247.20	
Hay, seed bags	13.21	
Vegetables	11.54	
Use of teams, serv. of stallion	10.00	
Sundries, old bbls. and junk	367.01	
		674.51
Arts and crafts sales		926.38
Total sales		\$5,527.41
Miscellaneous —		
Interest on bank balances	\$1,539.27	
Sundries, com. on tel. call	12.40	
		1,551.67
Total income		\$26,688.66

MAINTENANCE

Balance from previous year, brought forward		\$931.45
Appropriation, current year, appro.	\$348,815.00	357,842.32
Add'l appro. per serv.	4,000.00	
Add'l appro. cows	5,027.32	
Total	\$357,842.32	\$358,773.77
Expenses (as analyzed below)		327,177.41

Balance reverting to treasury of Commonwealth

Analysis of Expenses

Personal services	\$159,263.31	
Religious instruction	1,414.25	
Travel, transportation and office expenses	4,025.64	
Food	34,573.02	
Clothing and materials	10,922.35	
Furnishings and household supplies	17,713.86	
Medical and general care	10,910.72	
Heat, light and power	28,865.43	
Farm	31,313.56	
Garage, stable and grounds	6,664.72	
Repairs, ordinary	13,575.93	
Repairs and renewals	7,934.62	

Total expenses for maintenance,

SPECIAL APPROPRIATIONS

Balance December 1, 1923	\$27,811.01
Appropriations for current year	52,500.00

Total	\$80,311.01
Expended during the year (see statement below)	\$33,736.84
Reverting to Treasury of Commonwealth	299.13
	34,035.97

Balance November 30, 1924, carried to next year.

OBJECT	Act or Resolve	Whole Amount	Expended during Fiscal Year	Total Expended to Date	Balance at End of Year
*Hospital Building	Chap. 129, Acts 1922	\$134,000.00	\$1,497.07	\$133,736.78	\$263.22
*Ext. of Water Supply	Chap. 129, Chap. 546, Acts 1922	20,000.00	5,805.81	19,978.47	21.53
Alt. in Infirmaries	Chap. 126, Acts 1923	6,000.00			6,000.00
Alt. in Domestic Bldg.	Chap. 126, Acts 1923	47,000.00	13,869.38	46,899.20	100.80
Add. Water Supply	Chap. 126, Acts 1924	35,000.00	1,160.58	1,160.58	33,839.42
Garage and Fire Station	Chap. 126, Acts 1924	6,000.00	5,430.79	5,430.79	569.21
Fairview Cottage	Chap. 126, Acts 1924	9,000.00	5,365.62	5,365.62	3,634.38
Add. Fire Protection	Chap. 510, Acts 1924	2,500.00	368.77	368.77	2,131.23
*Laundry Building	Chap. 129, Acts 1922	23,000.00	238.82	22,985.62	14.38
		\$282,500.00	\$33,736.84	\$235,925.83	\$46,574.17

*Balance reverting to Treasury of the Commonwealth	\$299.13
Balance carried to next year	\$46,275.04
Total as above	

PER CAPITA

During the year the average number of inmates has been 962.97 (includes all patients under care).

Total cost for maintenance, \$327,177.41.

Equal to a weekly per capita cost of \$6.53. (52 weeks to year)

Receipt from sales, \$5,527.41.

Equal to a weekly per capita of \$0.11.

All other institution receipts, \$21,161.28.

Equal to a weekly per capita of \$0.42.

Net weekly per capita, \$6.00.

Respectfully submitted,

GERTRUDE W. PERRY,
Treasurer.

STATISTICAL TABLES

AS ADOPTED BY AMERICAN PSYCHIATRIC ASSOCIATION

PRESCRIBED BY THE DEPARTMENT OF MENTAL DISEASES

TABLE 1 — *General Information*

1. Date of opening as an institution for the insane: Oct. 22, 1902.

2. Type of institution: State.
